LATEST NEWS by Pine, ZS6OB, dated 2011-10-12: Hi gentlemen
Thanks again to all for a great time - without your participation
it would not have been possible It is possible that there maybe one
or two duplicates still. If there is any station that I may have
missed I still have the all text file available to go back to and
verify. By the way Gabriel VQ Log works like a charm dear friend...

** K7BV CM94/95 & CM86/87 Update **
Tomorrow morning's operation on the CM94/95 line will occur one hour later than originally planned. CM86/87 should be right on schedule for 1300z. This meteor scatter operations will hopefully give a few need MS grids to those in need. I expect to be on Ping Jockey and ON4KST in case anyone wants to try ISCAT long haul or even SSB/CW if digital modes in not in your bag of tricks. See you then. Please do drop me a note if you do expect to be watching for me so I can be sure to watch for YOU. SOURCE: Dennis K7BV

** Cocos Keeling Is., VK9C qrv HF and 6m **
Lot, DJ7ZG and Babs, DL7AFS (www.qsl.net/dl7afs/) will be active as VK9CX from the Cocos (Keeling) Islands (OC-003) from 19 October to 9 November. They plan to operate RTTY, PSK and SSB on 80-6 m. QSL via DL7AFS. Fwd: [425ENG] 425 DX News #1066

** MALPELO 2012 **
The Malpelo 2012 DXpedition's team now consists of 18 operators representing eight countries. Two members of the team will travel to Malpelo for a reconnaissance visit in late October. The purpose is to check out possible operating sites and make final decisions on the type and placement of antennas, as they want to try to have antennas oriented for all parts of the DX world. Every effort is being made to extend the length of time available for operating. It appears that they can get to the island one day earlier and may have the option of staying a few extra days. The current plan has the team QRV on or about 23 January for 12-14 days. Operations are planned on 160 through 6 metres on CW, SSB and one digital mode. N2OO and the SJDXA will handle QSL duties. The Malpelo team is paying all their transportation expenses to/from Colombia and putting up about one-half of all the DXpedition costs. To cover the reminder of our expenses, contributions are being sought from DX Foundations, DX Clubs and individual DXers. You may contribute directly to DXARC (Colombia), K4UEE (North America), DJ9ZB (Europe) or JA1ELY (Asia/JA). See www.hk0na.com for further information on how you can help...
